2 The Senior Surgeon in his letter No. 2758 dt 7th January 14, reports that the District Board of Kolar and the Municipal Board of Chintamani consider the opening of a female dispensary necessary and recommended that the prayer of the Chintamani people may be favourably considered. Govt recognised the necessity for the female dispensary in question, but on financial consideration the proposal was not entertained (vide letter No. 10928 dt 117-13 dt 1.5.14)

3 The District Board of Kolar have agreed to meet their share of initial and recurring expenditure. The Senior Surgeon states that he has requested the Municipal Board of Chintamani to submit their resolution direct to Govt.

4 There is a provision of Rs 2500/- in the current year's Medical budget for additional dispensaries. If approved the Rev. Secy may be requested to note that the provision exists in the current year's Municipal & Dt fund budgets for the expenditure in question.

Final Note by the Third Member of Council.

Subject:-

Opening of a Female Dispensary at Chintamani.

---

48 So long ago as 1913, the people of Chintamani applied for the establishment of a Dispensary for Women and Children. The necessity for such a Dispensary at the place was recognised, but the question was dropped on financial grounds.

49 2. In his tour notes dated the 11th January 1919, the then Second Member of Council (Mr.A.R.Benerji) drew the attention of the Senior Surgeon to this matter and the latter officer having consulted the President of the District Board and the Municipal Council of Chintamani reported in his letter No.36 dated 26th August 1919 that the cost of the building and equipment required for the Dispensary would come to Rs.12,000/-, that the Municipality was willing to bear half the initial cost, that the District Board was willing to contribute Rs.2,000/- and that the balance of Rs.4,000/- might be provided from State Funds, the recurring charges being met under the standing orders i.e., the cost of Europe Medicines and the pay of the Lady Sub Assistant Surgeon by the Government and the establishment charges amounting to Rs.57/- per mensem by the Municipality and the District Board in the proportion of 1 : 2.

50 3. The above proposals have been considered and approved by the Dewan and the Members of Council.

51 4. The Financial Secretary, however, suggests that the question may be deferred as he has proposed in another connection the deletion of the provision of Rs.15,000/- for the opening of new Dispensaries.

But it is absolutely necessary to retain this provision, as the expansion of medical relief to which Government are committed cannot be stopped.

5. The opinion of the Council may be graciously approved.

~~Depth.~~, Bangalore.

Sir,

With reference to item No.76, of the Responsibility sheet forwarded with your official memorandum No.G.14168-230-C.M.80-18-7, dated the 11th January 1919, and in continuation of my letter No.G.C.404-3, dated 28th March 1919, I have the honor to state that the Deputy Commissioner, Kolar District, was requested to intimate whether the District Board of Kolar and the Municipal Board of Chintamani were willing to bear their respective shares of the initial and recurring cost of a female dispensary proposed to be opened at Chintamani and whether the building known as Dodda Rao's Choultry which had been reported to be available for the purpose in 1913, was still available. It is ascertained that the said building is not available and that a new building will have to be constructed for a female dispensary. It is further reported by the Deputy Commissioner that the Chintamani Municipality is willing to bear half the initial cost on buildings and equipment estimated at Rs.12,000/- or Rs.6,000/- and that the District Board will meet 2,000. One third of the cost or Rs.4,000 may be met from the State Funds (Public Works Budget) as usual.

The recurring cost per month will be as follows:- and the District Board and the Municipality are reported to be

Charge allowance to Lady medical subordinate	Rs.10
Pay of female compounder	Rs.15
Do. Surgery cooly	7
Do. Waterwoman	5
Bedding & clothing	5
Dieting charges	5
Country medicines	5
Other contingencies	5
Total	Rs. 57

their respective shares (except the pay of the Lady medical subordinate) in the usual proportion of two-thirds and one-third. The pay of a Lady Sub A/ Assistant Surgeon (45 - 70) average Rs.57½ plus sex-allowance Rs.15, as also the cost of Europe medicines at Rs.600 a year or Rs.50 a month, or Rs.107½ a month will have to be met from the Medical Budget. The number of Sub Assistant Surgeons will have to be increased by one. An extract from the resolution of the District Board, received from the Deputy Commissioner is enclosed. The resolution of the Chintamani, sent by the Deputy Commissioner merely stated that there was necessity for a female dispensary and that half the ~~cost~~ initial cost on buindings and equipment could be paid from the municipal funds. It was silent about the monthly recurring cost (one-third). It has therefore been returned to the Deputy Commissioner for obtaining a revised resolution as regards both the initial and the recurring cost and submitting the same to Government direct, to avoid delay.

I request that sanction to the opening of a female dispensary at Chintamani may kindly be accorded and the Chief Engineer requested to find funds from his department budget for the buildings. The cost of working the dispensary may be met from the funds sanctioned for "new dispensaries" in the current year's medical budget.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Extract from the Rescoedings of the District Board,Kolar.
at their meeting of the 5th April 1919

"As regards the monthly recurring expenditure, the District Board will bear their share, i.e., two-thirds of the cost.

As regards the initial cost of buildings and equipment which is heavy, the Chintamani may be requested to bear half, i.e., Rs.6000/- Government may be requested to bear one-third of the whole cost, i.e., Rs.4000- the District Board contributing the remainder, i.e., Rs.2000. The share of the District Board in the initial cost and recurring charges will be debited to the revenue of the Taluk Board of Chintamani."

Sir,

With reference to your letter No.G.15851-Med.4-19-12, dated 13th January 1920, enquiring if the amount for meeting the one-third share of the cost of building for the proposed Female Dispensary at Chintamani is available either in the sanctioned grants of the Public Works or the Medical Department budgets, I have the honor to state that the Chief Engineer in his letter No.B.9164, dated 26th February 1920, intimates that no money can be spared from the budget of his department. The lumpsum grant of Rs.25,000/- is barely sufficient to meet the additional expenditure on account of the revision of establishments of certain institutions, the increased pay of Compounders, the increase in the minimum of the pay of Sub Assistant Surgeons, as explained separately with reference to your office No. G 4288/Med 70-18-7 dated 21-8-19. Under the circumstances, the amount of about Rs.4000/- being the share to be met from State Funds, may be ordered to be provided in the P.W.Budget for 1920-21, as has been done in the cases of the proposed dispensary buildings at Bettadapura and other places in the Mysore District.
